

GENERAL CASE STUDY

GUIDELINES

2026

COMPOSIT | 31ST EDITION

OVERVIEW

DESCRIPTION

GCS is an engaging case study competition that brings strategic thinking and problem-solving to the forefront. Designed to challenge participants with real-world business scenarios, the event encourages teams to analyze complex problems, develop innovative strategies, and present impactful solutions. Whether you are new to case competitions or already passionate about consulting and strategy, GCS offers a great platform to sharpen your analytical skills and think like a problem-solver.

Participants will work in teams to carefully evaluate the given case, craft well-structured strategies, and present their ideas to a distinguished panel of judges. The solutions will be assessed based on creativity, feasibility, and clarity of execution. GCS provides an opportunity to experience real-world decision-making, collaborate with peers, and showcase your ability to tackle challenging situations with confidence.

EVENT FLOW

RULES FOR ROUND 1

- Round 1 will be held online on Unstop as an Aptitude Quiz.
- The on-spot registration at Unstop is allowed up to the round deadline.
- Round 1 results will be mailed to the participants selected for the final round.
- The quiz will include logical reasoning and general aptitude questions.

RULES FOR ROUND 2

- Round 2 will require participants to submit a PPT showcasing their analysis of the problem statement, innovation and feasibility of their solution.
- There is a slide limit for the presentation, it should be between 8-10 slides.
- Selected teams will be called to IIT Kharagpur Campus for the final round.

RULES FOR ROUND 3

- This round will be conducted in the form of a presentation at the IIT Kharagpur campus in front of a panel of judges.
- Participants are required to prepare a presentation within the time limit of 10 minutes, followed by a 5-minute Q&A session. Teams that exceed the given time limit will be penalised.
- There would be penalties if the time exceeds the time limit as follows -
 - 0-1 min: 10% of the presentation marks of the team
 - 1-2 mins: 20% of the presentation marks of the team
 - Greater than 2 mins: 50% of the presentation marks of the team.
- The top 3 teams will receive cash prizes. Decisions made by the judges are final and binding.

GENERAL RULES & FAQ

GENERAL RULES

- The maximum number of participants in a Team is 3. Individual participation is also permitted.
- The event will have the following rounds: Aptitude Quiz + Submission Round + Final Presentation Round.
- PPT must be of up to 10 slides.
- Presentation time must be within 10 minutes; penalties would be applicable for exceeding the time.
- The best-presenting team will be awarded.
- Any action that violates the stated rules will immediately disqualify the team from the competition.

FREQUENTLY ASKED QUESTIONS

Q1. What is the procedure for registration for the event? Do all the members have to be registered?

Yes, all the participants must first register through the COMPOSIT website, after which they will receive a participant ID. The team leader must then create a Team on the event page and will receive a Team ID.

Q2. Can a team consist of participants from different institutions?

Yes, cross-institutional teams are allowed as long as all members register and provide valid identification.

Q3. Are there any prerequisites for participating in the data analytics event?

No specific prerequisites are required. However, participants are encouraged to have basic knowledge of data science and the domain related to the problem statement.

Q4. What will happen if the participating team submits their report after the deadline?

The team will be disqualified and not allowed to continue further in the event.

GENERAL RULES & FAQ

Q5. What report will be submitted in the second round?

The report should properly explain your model approach and different sections of your code using snippets of the jupyter notebook submitted. This report must have the font style Arial and font size 12.

Q6. How will we know if we are qualified for the final round?

All teams submitting the report following all the rules and themes of the problem statement will be sent a confirmation mail regarding their selection for the final round.

Q7. Is there a slide limit for the presentation?

Yes. There is a slide limit of 8-10 slides for the presentation.

Q8. What are the evaluation criteria for the data analysis?

The evaluation will be based on model approach, accuracy, insights and clarity of presentation.

Q9. Will there be a Q&A session during the final presentation?

Yes, the judges will have a 5-minute Q&A session after each team's presentation.

Q10. Will certificates be provided to all participants?

Yes, all participants will receive a participation certificate, and winners will receive additional recognition and prizes.
